The Sanderson Museum Closed Until Further Notice

March 25, 2020 CHADDS FORD, PA – The Sanderson Museum will be temporarily closed until further notice. The health and well-being of our volunteers and visitors are a top priority. As recent events have made us all aware, the Coronavirus (COVID-19) is a highly contagious disease that is impacting individuals across the globe and within our local communities.

With that in mind we are following CDC guidelines and closing the museum until further notice.

We hope you will follow the Museum's [Facebook account](#) as we share Mrs. Sanderson's 1937 diary entries from the year that she and Chris moved to Chadds Ford and into the little gray house.
